Description

Aston Martin of Walton on Thames are delighted to bring to market for the first time this stunning 2024 Aston Martin Vantage V8 under the Aston Martin manufacturer-approved car programme. This Vantage and its overall specification offers an exceptional ownership proposition. This 25 Model Year Vantage boasts a powerful 4.0L Twin Turbo petrol engine and is Euro 6 compliant. The factory fitted options on this Vantage are very well considered with delights such as the striking 21in alloy wheels featuring a 5-spoke forged design in satin platinum, bronze brake calipers and the sublime Bowers and Wilkins Audio. The interior also exudes sophistication with carbon fibre trim inlays on the centre finisher. The 25MY Vantage features an all-new front fascia with updated side and rear styling, updated interior with new proprietary infotainment with 10.25-inch screen similar to the DB12, stiffened body structure, smarter active dynamics, and a larger radiator grille which increases airflow to the radiators by 50 percent.

The incredible 4.0-litre twin-turbocharged V8 engine produces 656 hp and 800 Nm of torque and represents the largest increase in power output from a predecessor in Aston Martin history. The Vantage is now capable of accelerating from 0–

62 mph in 3.5 seconds and can attain a top speed of 202 mph. This Vantage can be reserved quickly and securely for just £99 at www.hwmastonmartin.co.uk
