Description

POWER.DRIVEN. HWM Aston Martin are delighted to offer for sale this stunning DBX 4.0 V8 BiTurbo. Finished in Jet Black and sitting on the 22" Sport Silver Alloy Wheels, this DBX is both understated and elegant. Inside, this example has been specified with Onyx Black HairCell leather. In terms of factory fitted options on this DBX, it has been fitted with a range of options from new including Privacy Glass, Heated Steering Wheel and Aston Martin Tracking, to name just a few. Having covered just 34500 miles from new it will come fully prepared by our factory trained technicians and will have the remainder of its 3 year Aston Martin Warranty and 3 Year Service Inclusive Service Plan. DBX is constructed with bonded aluminium panels and extrusions and uses the 4.0-litre twin-turbocharged V8 engine used in some of our other models that has a power output of 550 PS and 700 Nm of torque. It is capable of accelerating from 0–62 mph in 4.5 seconds, and attaining a top speed of 181 mph. The 9-speed automatic gearbox is standard, and towing is rated at up to 2,700 kg for models fitted with a towbar. A 48-volt electric active roll system counteracts body roll under hard cornering, and the vehicle comes with five driving modes: a default GT, Sport, Sport Plus, Terrain and Terrain Plus with an additional Access mode. An active centre transfer case directs torque to the

front axle when it is required, and there is also an electronic limited slip rear differential. Adaptive dampers and triple-chamber air springs are both standard, offering a significant range of height adjustment. This DBX can be reserved for £99 at www.hwmastonmartin.co.uk

New Zealand Avenue, Walton-on-Thames, Surrey, KT12 1AT
