Previous Owners	N/A
Registration	YF15OHG

### Description

The Aston Martin DB9 Volante is undoubtedly one of the most beautiful Aston Martin production models. It is instantly recognisable as well as its shape, sound and driving experience remaining fresh and exciting as much as the day when it was produced. This DB9 Volante is finished in Tungsten Silver over an Obsidian Black Leather Interior all pinned together by a striking contrast stitch throughout the cabin. It has covered just over 33000 miles and has needed for nothing throughout its life. This DB9 will come fully prepared by our factory trained technicians along with a 12 Month Aston Martin Warranty. Spec highlights include Aston Martin Audio, Reverse Camera, Piano Black Interior Facia Trim, Parking Sensors as well as the sublime Sports Exhaust and 20" 10 Spoke Graphite Alloy wheels which were translated through from Aston Martin Virage. 2013 represented a significant year in the production life of DB9 whereby the the interior and exterior was reimagined. For the 2013 model year, Aston Martin made changes to the bodywork by adapting design cues from the 2011 Virage, including enlarging the recessed headlight clusters with bi-xenon lights and LED daytime running strips, widening the

front splitter, updating the grille and side heat extractors, updating the LED rear lights with clear lenses and integrating a new rear spoiler with the boot lid. The 2013 model year also benefits from increased engine power of up to 517 PS (380 kW; 510 hp) and 620 Nm of torque. This DB9 Volante can be reserved on our website now for just £99.
