Description

HWM Aston Martin are delighted to bring to market this 2016 Aston Martin Vantage V8 4.7 Sportshift Roadster. This example is a rare find, having covered only 16,336 miles since it was first registered. As an Aston Martin manufacturer approved vehicle, this car offers peace of mind alongside its impressive performance credentials. Under the bonnet sits a 4.7 litre petrol naturally aspirated engine, ensuring it delivers immense power right through the rev bands. The exterior is enhanced by 19 inch 10 spoke graphite diamond turned alloy wheels and carbon side strakes, while the interior features the Luxe Pack and an iridium facia trim. Manoeuvring is made straightforward thanks to the inclusion of a reversing camera with rear and front parking assistance.

The driving experience is defined by the capability of the 4.7 litre engine, which allows the car to accelerate from 0 to 60 mph in just 4.7 seconds. This level of performance, combined with the low mileage and the assurance of manufacturer approval, sets this particular Vantage apart from many others on the market. It represents a well maintained example of British engineering that balances power with refined features,

making it a compelling choice for those seeking a high performance vehicle with a documented history. This Vantage roadster will be fully inspected and prepared by our factory trained technicians and will arrive with it's new owner with 12m Aston Martin Warranty and 12m Fresh MOT. This Vantage can be reserved quickly and securely at www.hwmastonmartin.co.uk for just £99
