Exterior Colour	Onyx Black
Previous Owners	N/A
Registration	FM69YCO

Description

HWM Aston Martin is proud to offer an exceptionally rare Rapide AMR—one of only 188 completed worldwide. Finished in Onyx Black and showing just 14,310 miles, this 2019 example represents the ultimate evolution of Aston Martin's four-door V12 in a sophisticated specification.

AMR stands for Aston Martin Racing, transferring motorsport-inspired performance and design into the marque's road cars. Unveiled in 2018 as Aston Martin's most extreme four-door, Rapide AMR combines continent-crossing luxury with the character of a racing team. Its naturally aspirated 6.0-litre V12 produces 603PS (595bhp) and 630Nm, reaching 60mph in 4.2 seconds and a remarkable 205mph.

The AMR Silhouette Pack gives the Onyx Black bodywork a more discreet alternative to the famous Stirling Green and Lime launch specification. Matte Black Diamond-Turned 21-inch wheels—the largest fitted to an Aston Martin at launch—sit over carbon-ceramic brakes with black calipers. A carbon-fibre bonnet, splitter, side sills, diffuser and rear spoiler complete its purposeful AMR profile.

Inside, Obsidian Black leather is complemented by AMR detailing and the desirable One-77-inspired Leather and Alcantara steering wheel. Privacy glass, Aston Martin tracking and an upgraded alarm further enhance the specification.

Offered by HWM, the world's oldest Aston Martin dealership, representing the marque since 1951. This Rapide AMR is Aston Martin Approved and supplied with a minimum 12-month unlimited-mileage warranty, roadside assistance, independently

certified history and mileage, and preparation by factory-trained technicians.

Opportunities to acquire a Rapide AMR are exceptionally rare. Watch our full video walkaround, reserve this remarkable V12 online now for a fully refundable £99, or contact HWM Aston Martin today to arrange a viewing before it joins its next collection.
