Description

This 2018 Aston Martin DB11 V8 is a refined example of British engineering, powered by a 4.0L petrol engine that meets Euro 6 emission standards. As an Aston Martin manufacturer approved vehicle, it offers peace of mind regarding its condition and history. With a very low mileage of 15,618 miles for its age, this car has been carefully maintained and presents a high standard of quality for its next owner.

The performance of this model is notable, capable of accelerating from 0 to 62mph in just 4.0 seconds. Its visual appeal is enhanced by 20-inch forged Y-spoke alloy wheels in gloss black and diamond turned finish, complemented by the exterior finisher pack in dark. Inside, the cabin features fine contrast stitching and brogue trim detailing, adding a distinct touch of craftsmanship. For added security, the vehicle is equipped with an Aston Martin tracking system by Cobra, ensuring that this car combines high performance with thoughtful specification and security features.
