Description

HWM Aston Martin is delighted to offer this elegant 2017 DB11 V12 Twin-Turbo, finished in Magnetic Silver with a black full-leather interior – a timeless specification for one of Aston Martin's most important modern grand tourers.

Introduced as the first model in Aston Martin's Second Century plan and successor to the celebrated DB9, the DB11 brought a new bonded-aluminium architecture, pioneering aerodynamics and Aston Martin's in-house 5.2-litre twin-turbocharged V12. Producing 600bhp and 700Nm through an eight-speed automatic transmission, it accelerates from 0–62mph in just 3.9 seconds and reaches 200mph. The result is effortless continent-crossing performance with the composure, refinement and sense of occasion expected from a flagship Aston Martin.

This example has covered 32,500 miles and combines restrained elegance with carefully chosen sporting details. Its Magnetic Silver paintwork is complemented by 20-inch 10-spoke Shadow Chrome wheels and vivid red brake calipers. Inside, the hand-crafted black leather cabin features contrast stitching and Aston Martin Wings embroidered into the headrests, creating a sophisticated environment for driver and passengers. Aston Martin Tracking by Cobra provides added reassurance, while the practical 2+2 layout makes this a GT to enjoy on every occasion.

Offered by HWM, the world's oldest Aston Martin dealership, representing the marque since 1951. This DB11 is Aston Martin Approved and supplied with a 12-month unlimited-mileage warranty, independently certified history and mileage, and preparation to Aston Martin's exacting mechanical and aesthetic standards by factory-trained specialists.

A superb opportunity to own the original V12 DB11: elegant, immensely powerful and unmistakably Aston Martin. We would be delighted to provide a detailed video walkaround or welcome you to view the car in Walton-on-Thames. Reserve it online today for £99.
