Description

HWM Aston Martin is delighted to offer this exceptional 2023 Aston Martin DBX V8, finished in striking Plasma Blue with a black Accelerate Monotone interior and just 3,069 miles. With full HWM service history and HWM ownership provenance, this is a rare opportunity to acquire an outstandingly low-mileage, beautifully specified example.

Unveiled in 2019 as Aston Martin's first SUV, DBX opened an exciting new chapter for the marque, bringing sports-car character, handcrafted luxury and genuine everyday versatility together in one unmistakable design. Its 4.0-litre twin-turbo V8 produces 542bhp and 700Nm, delivered through an automatic gearbox and intelligent all-wheel drive. Performance is thrilling: 0–60mph in just 4.3 seconds and a top speed of 181mph.

The exceptional specification makes this car especially desirable. Highlights include 23-inch forged alloy wheels in Textured Black, upper and lower Gloss Black exterior packs, Gloss Black grille, black Aston Martin badging and brake calipers, privacy glass, smoked rear lamps and the Sport Exhaust Upgrade. Inside, the Accelerate Monotone cabin is enhanced by contrast stitching, a heated Sport steering wheel, inductive phone charging and touchpad control, while the Aston Martin Tracking System adds further reassurance.

Buying from HWM means dealing with the world's longest-serving Aston Martin dealership, representing the marque since 1951. This Approved Used DBX includes a 12-month Aston Martin warranty and MOT, backed by our manufacturer-trained specialists and decades of marque knowledge.

We would be delighted to provide a detailed video walkaround

and welcome you to HWM in Walton-on-Thames to experience this superb DBX for yourself. Cars of this mileage, provenance and specification are rarely available. Reserve it online today for £99.
